Chord symbols for the seventh system: G, Am, Em⁷, D⁷, G

Notes:

Parts of the tune have been taken down an octave for ease of playing.

If one is able to play only one note at a time, play the top note. That is, in a chord with middle C and the E above it, play the E.

However, with octaves, either the higher or the lower may be played, provided one is consistent.

Melody only is available upon request.
